Dr. McLANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.
Two of the best Preparations of the Age.

They are not recommended as Universal Cure-alls, but simply for what their name purports.

The VERMIFUGE, for expelling Worms from the human system, has also been administered with the most satisfactory results to various animals subject to Worms.

The LIVER PILLS, for the cure of LIVER COMPLAINT, all BILIOUS DERANGEMENTS, SICK HEADACHE, &c.

Purchasers will please be particular to ask for Dr. C. McLane's Celebrated VERMIFUGE and LIVER PILLS, prepared by

CROPS.

The Committee on Crops of the West Penobscot Agricultural Society having attended to their duty, submit the following Report:—

There were but few specimens presented for our inspection, but what there were, were of superior excellence, and gave clear indications of the amount claimed, to be raised by those who presented them.

Your committee are of opinion that when there is an extra amount raised, it would be advisable to have a disinterested person to measure the crop in *sealed measures*, and attest to the same, then the man who is fortunate enough to have such a soil, the nature of his farm would be very much enhanced in the minds of the public; likewise his reputation as a farmer; as it now is those persons having an inferior soil do not believe the statements, and think the Fair is all a hoax, and those who can tell the largest story are entitled to the highest premium.

Several persons applied for premiums whose specifications did not comply with the statutes and were rejected.

We have awarded the following premiums:

ON WHEAT.

To E. F. Crane, Kenduskeag, 17 1-2 Bushels per acre, 1st premium, $2 00; Hall Bagley, Charleston, 16 1-2 bus per acre, 2d do, 1 75; George Ulmer, Corinth, 16 1-2 bus per acre, 3d do, 1 50; William Grinnell, Exeter, 12 bus per acre, 4th do, 1 25; T. B. Kenneston, Kenduskeag, 9 1-2 bus on 1-2 acre, 1st do, 1 50; William Grinnell, Exeter, 6 bus on 1-2 acre, 2d do, 1 25.

ON CORN.

To G. C. Clements, Kenduskeag, 251 bushels ears per acre, 1st premium $2 00; J. O. Tilton, 190 per acre, 2d do, 1 75; Matthew Ritchie, Corinth, 188 per acre, 3d do, 1 50; E. F. Crane, Kenduskeag, 187 per acre, 4th do, 1 25; Nelson Wheeler, Exeter, 152 per acre, 5th do, 1 00; Crosby Clements, Kenduskeag, 89 bus ears per half acre, 1st do, 1 50; Hall Bagley, Charleston, 83 per acre, 2d do, 1 25; Isaac W. Case, Kenduskeag, 83 1-3 per acre, 3d do, 1 00.

ON BARLEY.

To Matthew Ritchie, Corinth, 51 bushels per acre, 1st premium, $1 25; William Grinnell, Exeter, 40 bus per acre, 2d do, 1 00; Hall Bagley, Charleston, 31 bus per acre, 3d do, 75c.

ON OATS.

To E. F. Crane, Kenduskeag, 72 bushels per acre, 1st premium, $1 00; Hall Bagley, Charleston, 60 bus per acre, 2d do, 75; J. O. Tilton, Kenduskeag, 66 2-3 bus per acre, gratuity, 50.

ON BEANS.

To E. B. Stackpole, Kenduskeag, 6 1-2 bushels on 1-4 acre, 1st premium, $1 50.

ON POTATOES.

To E. F. Crane, Kenduskeag, 320 bushels per acre, 1st premium, $2 00; Matthew Ritchie, Corinth, 203 bus per acre, 2d do, 1 75; Crosby Clements, Kenduskeag, 180 bus per acre, 3d do, 1 50; 110 bus on half acre, 1st do, 1 50.

IMPORTANT DISCOVERY!
CONSUMPTION CURABLE
BY THE USE OF
FOUSEL'S PABULUM VITÆ!
The most powerful and effectual remedy ever discovered for the treatment of PULMONARY CONSUMPTION!

This medicine is a choice combination of VEGETABLE products, and possesses all the rare medicinal properties so long and eagerly sought for by the profession. It is the result of diligent study and research through a long series of years, and is now for the first time, presented to the notice of the public.

IN EVERY CASE of suspected PULMONARY CONSUMPTION, where it has been tried, it has proved, beyond any doubt, to be an EFFECTUAL REMEDY. It is a very agreeable and pleasant medicine, and a trial of its virtues is earnestly recommended to every person who has a cough, or who may be predisposed to Consumption, as a remedy of no ordinary value, with the assurance that, if the directions, which accompany it are faithfully adhered to, it will prove to be a SOVEREIGN BALM, restoring the healthy functions to all the organs of the body.

Directions in English, French, and German accompany each package. Price $1 per bottle.

All orders by mail or express, accompanied by the money, will be promptly attended to.

STATE OF MAINE.

EXECUTIVE DEPARTMENT,
Augusta, Nov. 30, 1857.

An adjourned session of the Executive Council will be held at the Council Chamber in Augusta, on TUESDAY, the twenty-second day of December next.

Attest,
ALDEN JACKSON,
Secretary of State.

THE NATIONAL EXPENDITURES.—CLOSE UPON A HUNDRED MILLIONS. The estimates of the Secretary of the Treasury, for the service of the next fiscal year, amount to $74,064,765.—But this does not include $7,000,000 of Post Office Expenditures which are offset by the receipts of that department,—nor the cost of the proposed increase of the Army.

The correspondent of the New York Courier & Enquirer, puts down the expenditures for 1858–9 as follows:

Total estimated expenditures	$74,064,765
Post Office expenditures omitted	7,000,000
Probably will be required for increase of army	7,600,000
Deficiency in the Quarter-Master Dep.	4,000,000
Probable expenditures for the yr.	$92,664,765

The expenditures of the Mormon war cannot well be estimated—nor for the frequent expeditions against the Indians, not only in the territories between the Mississippi and the mountains, but in California and Oregon—all of which must be paid for by Uncle Sam.—The expenses bid fair to range nearer a round hundred millions than anything below it.—Meantime, the Secretary estimates the receipts at about $75,000,000,—exclusive of the Post Office receipts, which were $7,353,000, for the past year. It is evident that there must be a large deficiency in the revenue for the coming year. This is made clear enough from the fact that while the Secretary's official estimates show a balance of receipts over expenditures, the administration still asks for power to make a loan of twenty millions, to be represented by Treasury notes.

And, this is the first annual showing of the administration of James Buchanan, which it was especially claimed should be one of "retrenchment and economy." His retrenchments thus far seem to have effected but little. Some of the organs of the party promised, during the Presidential campaign, if we remember aright, that Mr. Buchanan would reduce the National expenditures within fifty millions.

Meantime the democrats in Congress refuse to institute any practical measures of retrenchment. They have heretofore denounced the enormous expenditures for printing, (now two or three millions for a single Congress, as it is stated) but now, when the profits are wanted for electioneering funds, they shut their eyes to the enormity, and refuse any reform. The Republic states that the democratic majority of the House insisted upon electing a printer under existing rates of compensation. They voted down the motion of Governor Smith, of Virginia, that the practicability of retrenchment should be first inquired into, and would not listen to a proposition even for delay.

It is true they couple their election of printer with a reservation to the House of a right to alter the rates. But this was shown to be nugatory, because the House alone cannot alter rates fixed by a law, and the legal rights of the printer are fixed by the fact of his election.

THE OYSTER BEDS OF VIRGINIA.—Gov. Wise in a recent message, urges the imposition of a tax upon the oysters taken from the immense natural beds which skirt the sea coast and bays of that State. In doing so, he makes some curious and rather astonishing calculations. He computes the extent of these beds to be equal to a surface of 1,680,000 acres, and estimates them to contain 780,000,000 bushels of oysters. He says that the oyster fleet engaged in taking oysters from these beds consists of a tonnage of about 90,000, and that they raise every year 14,000,000 bushels—only one-fifth of which are taken by citizens of Virginia. He proposes a tax or license duty of three cents per bushel, which will produce an annual revenue to the State of $420,000. The oysters are worth at the beds 37½ cents per bushel. In view of the extent and value of these beds, the lovers of the bivalves may rest happy in the belief that the supply cannot well be exhausted—especially as each female oyster is said to produce 3,000,000 of eggs per annum.

The house of Sather & Church of San Francisco, whose recent drafts upon New York have been protested, appears, by the last steamer's advices, to have paid up nearly all its liabilities; and it is said there is no doubt of its ability to pay the whole within thirty days. The California liabilities had been reduced to $20,000. The cause of their drafts being protested was the loss of $57,000 on board the Central America.

The total amount of gold shipped from Melbourne from July 1st to September 16th of this year is 1,837,231 ounces or 79 tons, 1 cwt., 3 qrs., 20 lbs., 11 oz.; at 80 shillings per ounce, value £7,356,604.

The first successful cotton factory in the United States was established at Waltham, Mass., and it is still in full operation, as stated by the N. Y. Tribune.

LOCAL AND MAINE NEWS.

LECTURE BY REV. HENRY GILES. This well known and popular speaker will deliver a lecture at St. John's (Catholic) Church, on *Monday evening* next, 21st inst. Subject: Shades of Temper. The admission is 12½ cents.

DROWNED IN CALIFORNIA.—George Tomlinson, a young man who left Bangor some ten years ago, was drowned in the Klamath river, California on the 3d of November, as we learn by a private letter to a friend. He has been in Australia, and for the last two or three years in California. His cabin was searched, but no property of value was found.

CHRISTMAS HOLIDAYS.—The City Schools will close on Tuesday next, and re-commence on the Monday following. This does not apply to the Suburban Schools.

The principal Boston papers are received daily at the bookstore of Mr. O. R. Patch.

RAILROAD COUPONS.—In the case of J. R. Myers vs the York & Cumberland R. R. Co., the question of the negotiability of the coupons to railroad bonds was raised. Rice J. in the opinion of the Court as drawn by him says:

It would appear on inquiry, that the custom has become general to pass such bonds as negotiable instruments. But whether coupons when disconnected from the bonds, with which they were issued, thus pass, we think it is by no means so certain.

No difficulty, however, is perceived in so framing coupons or interest warrants, as to give them the character of negotiable instruments independent of the bonds, to which they were originally attached, if the parties issuing such bonds and coupons so desire. But to give them that independent negotiable character without the interposition of the legislature, the intention of the party issuing them, must distinctly so appear upon the face of the coupon itself.

But it is contended, that even if it should be held, that a coupon could be transferred as an independent negotiable instrument, this action cannot be maintained, because the instrument declared on is not technically a coupon.

[That is, it had never been attached to the bond itself, and consequently was not "cut off" from the bond.]

The instrument in suit refers in the margin to bond certificate No. 149; but it is not and never was annexed, attached nor appended to that bond although it was delivered to J. G. Myers at the same time he received the bond. That bond is an instrument perfect in itself, containing no reference to any other paper.

From these facts and considerations, we come to the conclusion that the instrument declared on, was issued improvidently and without legal consideration; that it is not a coupon or interest warrant pertaining to bond certificate No. 149; and that as a separate and independent instrument, it is not negotiable.

In a concurring opinion, *Appleton J.* says:

If the bonds and coupons are both to be enforced, it is apparent that the defendant corporation will be compelled to pay an amount of interest not authorized by the Statutes of this State. If both were in the hands of the same holder, then payment could not be enforced. As the bonds contain a promise to pay interest, the coupons, which contain a further and separate promise to pay interest, must be regarded as improvidently issued.

Without, therefore, deciding the question of the negotiability of coupons, it is apparent that the present action is not maintainable upon the proof before us.

THE CASE OF MR. SLADE.—The Bath Organ says: "We are gratified to learn that Mr. Jarvis Slade, whose recent painful circumstances have called forth such a general expression of sympathy from the Boston press, is in a fair way of recovery, and that his mind is likely to be freed from the distressing hallucination which for a few weeks has afflicted him."

FIRE IN BRUNSWICK.—The Bath Tribune says that a mill in Brunswick owned by Gen. Humphreys and Gen. Thompson, was entirely destroyed by fire, Tuesday morning. Supposed to be the work of an incendiary. Loss not known. There was a high wind at the time, and it was only through the efficiency of the fire department of Brunswick and Topsham, that immense destruction of property did not occur.

BURGLARS ABOUT.—Several attempts have been made by burglars to break into the houses of our citizens during the past week. One was detected in attempting to raise the back window of a house, when the alarm was given and the villain fled. At another house the children were retiring to bed accompanied by a little dog, who immediately took under the bed and commenced barking. On raising the bed-clothes, a man was discovered. The children fled and the alarm was given; meanwhile the burglar escaped. A young man kept watch in the room during the night, and towards morning lay down upon the bed, leaving a light, and when he awoke his boots and a pillow which was under the window, had been taken and carried off.—*Belfast Age.*

ANDROSCOGGIN RAILROAD. The cars on this road will soon run to "Bartlett's Corner," some five or six miles above Livermore Falls, its present terminus. It is expected to be completed to Farmington in a few months.

It is rumored, and on very good grounds, that Sherman T. McFarlane, of Eden, was drowned in the ill-fated steamer Opelousas, which was run into and sunk by the steamer Galveston, a short time since.—*Machias Union.*

Brig Vernon, of Bangor, before reported ashore off the mouth of Vineyard Sound, has been got off and taken into port. The cargo is all damaged, the keel of the vessel badly injured, and rudder gone.—*Boston Adv.*

A PRACTICAL GUIDE TO ENGLISH PRONUNCIATION. For the use of Schools. By Edward J. Stearns A. M. Boston, Crosby, Nichols & Co.

A work devoted especially and exclusively to the inculcation of correct rules of pronunciation, must be of great value as a School book, when, as in the present case it is brought within a moderate compass, embracing those words only which are in general use. It will be far more convenient for the scholar than the voluminous dictionaries. We have not examined Mr. Stearns's work with an eye to its correctness, but the evidences of careful and laborious research and arrangements are such that we have no doubt his rules are reliable.

A man named Edgar Fluker has a new recipe for the cure of those painful excrescences, corns. It is simply to bind a toad or frog, either dead or alive, to the affected part the space of one hour, repeating the application as occasion requires. With six frogs Mr. Fluker says he cured a very painful corn upon his toe, of six years' standing, and now considers himself cured and well.

Brigham Young's Views.

Brigham made a fiery speech in the "Bowery," at Salt Lake City on the 13th September, in which his policy is very clearly set forth.—We give the material portions:

"It is a pretty bold stand for this people to take, to say that they will not be controlled by the corrupt administration of our general Government. We will be controlled by them, if they will be controlled by the Constitution and laws, but they will not.

There cannot be a more damnable, dastardly order issued than was issued by the Administration to this people while they were in an Indian country in 1846. Before we left Nauvoo, not less than two United States Senators came to receive a pledge from us that we would leave the United States, and then, while we were doing our best to leave their borders, the poor, low, degraded curses sent a requisition for five hundred of our men to go and fight their battles. That was President Polk, and he is now weltering in h—l with old Zachary Taylor, where the present administrators will soon be if they do not repent.

Liars have reported that this people have committed treason, and upon their lies the President has ordered out troops to aid in officering this territory.

A SOLEMN OATH TO LAY UTAH WASTE.

I have told you that if this people will live up to their religion, all will go well; and I have told you that if there is any man or woman that is not willing to destroy anything and everything of their property that would be of use to an enemy if left, I wanted them to go out of the Territory, and I again say so to-day, for when the time comes to burn and lay waste our improvements, if any man undertakes to shield his *he will be sheared down*, for "judgment will be laid to the line and righteousness to the plummet." Now the faint-hearted can go in peace; but should that time come, they must not interfere. *Before I will suffer what I have in times gone by, there shall not be one building, nor one foot of lumber, nor a stick, nor a tree, nor a particle of grass or hay, that will burn, left in reach of our enemies. I am sworn, if driven to extremity, to utterly lay waste, in the name of Israel's God.*

We have known all the time that the kingdoms of darkness were opposed to the kingdom of God, that the powers of earth and hell were combined against it. Christ and Baal cannot make friends with each other; you cannot mix oil and water, righteousness and wickedness. This is the kingdom of God; all others are of the devil. They never can be united in this world, nor in any other; there is no possibility of the two kingdoms becoming one. Those who believe and obey the gospel of the Son of God, and forsake all for its interests, belong to the kingdom of God, and all the rest to the other kingdom. There is a distinction and the line must be drawn, and you and I have to stand up to it; even though it may take from us our right eyes and right hands. We must stand up to the line and maintain the kingdom of God, or we will all go to destruction together.

I am perfectly willing that the brethren should stop all improvements, if they choose, and spend a few years in seeing what their enemies will do, though their efforts against us will only tend to use them up the faster. But if the people prefer it, they may stop their improvements and take care of their wheat, and cache a supply of grain, flour, &c., where no other person can find it; though we can raise grain here all the time, yes, all the time.

COUNTING THE COST.

Suppose that our enemies send 50,000 troops here, they will have to transport all that will be requisite to sustain them over one winter, *for I will promise them, before they come, that there will not be one particle of forage nor one mouthful of food for them should they come.*—They will have to bring all their provisions and forage, and though they start their teams with as heavy loads as they can draw, there is no team that can bring enough to sustain itself, to say nothing of the men.

It has been asked, "Have you counted the cost?" Yes, for ourselves, but I cannot begin to count it for our enemies. It will cost them all they have in this world, and will land them in h—l in the world to come, while the only trouble with us is that we have two or three times more men than we need for using up all who can come here to deprive us of our rights.

As I said this morning, ten years ago on this ground I stated that we would not ask any odds of our enemies in ten years from that date, and the next time that I thought of it was ten years afterwards to a day. "They are now sending their troops," was the news, and it directly occurred to me, "Will you ask any odds of them?" No, in the name of Israel's God we will not, for as soon as we ask odds we get ends—of bayonets. When we have asked them for bread, they have given us stones; and when we ask them for meat they have given us scorpions; and what is the use in our asking any more? I do not ask any odds of those who are striving to deprive us of every vestige of freedom and to destroy us from the earth."

The Collins steamers for the next four months viz: January, February, March and April, make but one trip per month, the next departure from New York being the 16th of January. December 5th completed their twenty trips for the year.

A Washington correspondent of the New York Post says that one reason for the removing John McKeon from the office of the U. S. District Attorney, is that he had become too officious in suppressing the slave trade.

PRESIDENTIAL CONCLUSIONS. Our President has a logic of his own, and in the way of drawing inferences, he is like the stout farmer, who said that his yoke of oxen would draw an inference if it did not weigh over two tons. He says that the currency can never be safe under the control of fourteen hundred State banks, and *therefore* he concludes that it is not best to put it under the control of one national bank, after the manner of all other commercial nations.

He says that the great evil of the day is a paper currency issued on an insufficient basis of specie, and therefore he concludes that it is best to issue $20,000,000 of treasury notes, upon no basis of specie, but solely on the credit of the government. This is a very proper measure, but he prefaces it with a singular argument. He says that the constitution of Kansas ought to have been submitted to the people, and therefore he concludes that it is best to accept it, although it has not been, and to force it upon the people without any evidence of their will upon the subject.

He says that it is high time that we stopped talking about Kansas, and he makes that subject the principal topic of his message.—*Prov. Journal.*

The Washington correspondent of the New York Evening Post says of the Kansas question:

Whatever may be the result in Congress, and that cannot be predicted at present, the news from different parts of the country shows that the people are aroused upon the question, and however members may dislike to provoke Executive displeasure, they would prefer to encounter the frown of the President rather than rebuke of the angry constituency with their opposing votes. The whole power of Executive patronage is brought to bear upon the members. The appointments are withheld, and the President says that no man shall receive an appointment whose delegate or member shall vote against him.

THE DUEL.—In his Cyclopædia of wit and humor, Mr. Burton quotes the following reply to a challenge, from a work published in 1796, and entitled Modern Chivalry:

Sir: I have two objections to this duel matter. The one is, lest I should hurt you; and the other is, lest you should hurt me. I do not see any good it would do me to put a bullet through any part of your body. I could make no use of you when you are dead for culinary purposes, as I would a rabbit or a turkey. I am no cannibal to feed on the flesh of men. Why then shoot down a human creature of which I could make no use? A buffalo would be better meat. For though your flesh may be delicate and tender, yet it wants that firmness and consistency which retains salt. At any rate, it would not be fit for long sea voyages. You might make a good barbecue, it is true, being of the nature of a raccoon or an opossum; but people are not in the habit of barbecuing anything human now. As to your hide, it is not worth taking off, being little better than that of a year old colt.

It would seem to me a strange thing to shoot at a man that would stand still to be shot at, inasmuch as I have been heretofore used to shoot at things flying, running or jumping.—Were you on a tree now, like a squirrel, endeavoring to hide yourself in the branches, or like a raccoon, that after much eyeing and spying, I observe at length in the crotch of a tall oak, with boughs and leaves intervening, so that I could just get a sight of his hinder parts, I should think it pleasurable enough to take a shot at you. But as it is, there is no skill or judgment requisite to discover or take you down.

As to myself, I do not much like to stand in the way of anything harmful. I am under apprehensions you might hit me. That being the case, I think it most advisable to stay at a distance. If you want to try your pistols, take some object, a tree or a barn door, about my dimensions. If you hit that, send me word, and I shall acknowledge that if I had been in the same place, you might also have hit me.

EQUAL TO CHOATE.—In Mr. Everett's agricultural address, published on Saturday, there is one sentence of *forty-eight lines* without a single period. That is equal to Mr. Choate, who has three pages of his Webster oration without a pause.—*Boston Bee.*

Yes, but there is a very marked difference in the effect. In reading one of Choate's interminable sentences you feel as if caught up in a whirlwind, and born off to the imminent peril of your consciousness. His sentence fairly takes away your breath. Everett's, on the contrary, takes you softly upon its bosom as a zephyr receives a blossom or a perfume, and, wafting you from earth to heaven and around the circling globe in a sort of a fairy dream, returns you to the green but solid earth without ever breaking the exquisite spell.—*Louisville Journal.*

A WHOLE SHIP'S CREW DEVOURED BY CANNIBALS.—The El Mercurio, of Valparaiso, Chili, has the following statement:

"The occurrence of a lamentable event, which we dreaded before, has been unfortunately confirmed during the last three days. The barque Sarah Ann, bound from this port to the Islands of Oceanica with merchandize and passengers, was wrecked on one inhabited by savage cannibals, and every person on board was devoured by those monsters. We have no details of this dreadful calamity."

Wistar's Balsam of Wild Cherry.

[From the editor of the Baltimore Patriot.]

BALTIMORE, Dec. 13.

Dr. Seth W. Fowle, Boston, Mass. Dear Sir—I feel it to be due to you to say that a young lady, a member of my family, had been suffering for several years under a bronchial affection, and the disease had made such progress, notwithstanding the best medical aid had been consulted, that great fears were entertained that the disease, with her, as with so many others, might speedily terminate in death. I was induced, through the persuasion of a friend, to try your DR. WISTAR'S BALSAM OF WILD CHERRY, and after she had taken three bottles she felt entirely relieved of the attack.

Very respectfully yours,

TO THE DAILY WHIG AND COURIER

CONGRESSIONAL.

WASHINGTON, 17th.

SENATE—Mr. Gwinn presented a memorial from a large number of the citizens of California and New Mexico, praying for the establishment of the territorial government of Arizonia, and subsequently introduced a bill for that purpose.

On motion of Mr. Gwinn a committee of nine was ordered to consider so much of the President's Message as refers to the subject of the Pacific Railroad and subsequently he introduced a bill for its construction.

On motion of Mr. Slidell, a select committee of five was appointed to examine into the condition of the banking institutions of the District of Columbia and the authority by which corporations assume to transact business of banking, also as to what further legislation is necessary to regulate and control such banks.

Mr. Foster introduced a bill granting a homestead of 160 acres of land to actual settlers.

Mr Wilson presented the resolutions of the Legislature of Massachusetts, asking that the State be reimbursed for money advanced the United States during the war of 1812.

On motion of Mr. Seward a resolution was adopted, calling on the President for copies of any correspondence which may have taken place between the departments and the British and French residents on the subject of claims for the alleged losses by the bombardment of Greytown.

On motion of Mr. Trumbull, the credentials of Messrs. Bright and Fitch with the protests against their right to hold their seats etc., were referred to the Committee on Judiciary.

Mr. Wilson gave notice of his intention to introduce a bill granting the cities of Washington and Georgetown a million of acres of public lands to support schools.

Mr. Pugh introduced a bill to improve the navigation of the Ohio river.

Mr. Clay introduced a bill to repeal the allowing of fishing bounties.

Mr. Hunter, from the committee on Finance, reported a treasury note bill. He asked its immediate consideration and caused to be read a communication from the Secretary of the Treasury, in which it is stated that there is in the warehouse at New York merchandise to the amount of $28,000,000, on which the duties to be paid will be more than $6,000,000. There is now in the treasury subject to draft less than $6,000,000, and the excess of expenditures is daily reducing this amount, therefore the authority should forthwith be given for the issue of $20,000,000 of treasury notes.

Mr. Hunter said this bill corresponded with that of 1847, with the exception that there is no provision for funding the debt and another difference was in the mode of paying the interest.

The bill authorizes the President to cause such sums to be issued as the exigencies of the public service may require, not exceeding $20,000,000 in all—notes not less than $50 each—redeemable after one year from their date, and bearing such rates of interest as shall be expressed in them—said rates upon the first issue (not to exceed $6,000,000) to be fixed by the Sec'y of Treasury with approbation of the President, but not over 6 pr ct. Residue to be raised after advertising 30 days, by exchanging the notes at par for specie, to bidders who will take them, at the lowest interest not exceeding 6 pr ct. After maturity of the notes, interest to cease after 60 days notice of readiness to redeem—which notice may at any time be given.

Payment on the redemption of such notes shall be made to the lawful holders thereof respectively, upon the presentation at the Treasury, and shall include the principal of each and interest which may be due thereon; the faith of the United States to be solemnly pledged for the redemption of the notes, and no notes shall be hypothecated, sold or disposed of in any manner for any sum less than the amount of such notes including principal and interest. The notes shall be transferred by an assignment endorsed thereon by the person to whose order the same shall be made payable, accompanied by the delivery of notice that they have been so assigned. The notes are to be received by the proper officers in payment of all debts and taxes levied by the authority of the United States, and in payment for public lands, and on every such payment, credit shall be given to the amount of the principal and interest due on such notes on the day on which they shall have been received by such officers. Authority is given to purchase said notes at a proper amount for principal and interest at any time. The remainder of the bill relates to details; provides penalties for forgeries, and appropriates twenty thousand dollars to carry it into effect.

Objections having been made to the consideration of the bill now,

Mr. Hunter gave notice that he would call it up to-morrow.

Before proceeding to the election of Printer, Mr. Johnson, of Arkansas, offered a proposition, that the person who receives the contract for printing, shall take it on condition that Congress have the right to repeal or modify all existing laws relative to public printing, and no loss or damage to the person by reason of such modifications or repeal shall be allowed, constituting any claim for indemnity against Congress.

The proposition was agreed to, and the Senate then balloted for Printer.

Mr. Harris, of the Union, received 28 votes, and George M. Weston 18; scattering three votes; Mr. Harris was then declared elected.

Mr. Douglas, before the result was announced, said he had declined to vote for reasons satisfactory to himself.

The Senate then went into Executive Session, and shortly afterwards adjourned.

From Kansas.

ST. LOUIS, 17th.

The Republican has Kansas dates of 10th inst. The Legislature had done nothing towards carrying out the recommendation in Secretary Stanton's message.

The election returns of Kickapoo had been declared void by a committee of investigation and the Republican members admitted to their seats.

The Democratic convention at Lecompton nominated John Calhoun for Governor but he declined to accept. Frank Marshall was nominated in his stead.

W. G. Mathews for Lieut. Governor, and Mr. Carr for Congress.

Gen. Denver had not arrived on the territory.

Nothing is yet known as to the character of the intelligence brought by the last messenger from Utah.

Kansas letters say that an attempt is being made in the border counties of Missouri to form companies of voters to control the election of the 21st.

At a mass convention, held at Lecompton on 16th, resolutions were passed endorsing the proceedings of the delegate convention held at Lawrence on the 2d, and pledging themselves individually and collectively to oppose to the utmost the constitution adopted at Lecompton and resist every attempt made to put the government in operation under the same.

PHILADELPHIA, Dec. 17.

The Washington correspondent of the Philadelphia Press telegraphs as follows:

"The Navy Department received by the last steamer from California, letters from Commodore Paulding, enclosing a letter from Capt. Chatard, of the Saratoga, in reference to the landing at Punta Arenas of the fillibuster force, under Walker. Com. Paulding condemns Capt. Chatard for not having prevented the landing of Walker, and I learn that in the Cabinet meeting yesterday this officer was superseded in his command. The Jamestown has been ordered to Punta Arenas, and the Susquehannah, which arrived from Genoa at Key West on the 28th ult., proceeded immediately to San Juan.

Circular instructions have been sent to the Collectors and District Attorneys at Galveston, New Orleans and Mobile to use every exertion to prevent the departure from either of those ports, of men or munitions, for Walker. Instructions have also been issued from the naval department to Commodore Paulding to frustrate Walker's object, which seems now to be to advance up the river Colorado into the interior of Nicaragua. The United States Consul at Punta Arenas informs the department of State that the mass of the people of Nicaragua are opposed to the expedition.

HOUSE—In the House to-day, the death of Mr. Montgomery, a member from Pennsylvania, was announced—eulogies were pronounced and the customary resolutions passed. Adjourned.

NEW YORK, Dec. 17.

An immense Democratic meeting was held in the Park to-night, to respond to the President's Message. Richard Schell, Esq. presided, and speeches were made by several distinguished men. While Mr. Schell was speaking at one of the stands, the platform gave way causing great excitement; but fortunately no persons were seriously injured. The assemblage at the stand proceeded to the City Hall steps, and the speeches continued.

AUGUSTA, Ga. 17th.

The Legislature of South Carolina refuses to legalize bank suspension. That of Georgia has done nothing as yet on the subject; and whether that of Alabama will take any action is doubtful. The Governor of Florida has directed tax collectors to receive the ordinary currency.

WASHINGTON, 17th.

The Senate committee on the Pacific Railroad are—Messrs Gwinn, Douglas, Bright, Davis, Hunter, Seward, Bell, Foot, Iverson.

M. B. Lamar of Texas was to-day confirmed as Minister to Central America, and Austin E. Smith as Navy Agent for California. The nomination of Hon Nathan Clifford to the vacant Judgeship was warmly debated, and then referred to the Committee on the Judiciary.

Gov Walker has printed his letter of resignation, designing to supply the press with copies. Some of his friends confidently assert that the President will refuse to accept his resignation, by returning the letter, so that it will not appear in the public archives; and further, that the President will dismiss him.

FROM THE UTAH EXPEDITION.—*New York, Dec. 16.*—The Times has special news from the Utah expedition down to Oct. 28. The detachment under Capt. Marcy had captured two Mormon scouts—one a Col. Taylor, the other Adjutant Stowell. Important despatches were found upon the person of Taylor, from Lieut. Gen. Wells, at Fort Bridger, directing all the parties in the neighborhood of Green River to burn the grass, steal the animals, fell the trees in our path, and in every possible manner annoy us, by night and day. In consequence of this information, Capt. Marcy was sent back, Oct. 18, with two companies, to meet Colonel Johnston, and it was also decided that we should return and go into winter quarters on Henry's Fork, on Green River, as the cattle and mules of the command were very weak.

Soon after, Capt. Marcy had word from Brigham Young, the purport of it being that he did not blame the officers and soldiers, as they were merely tools in the hands of a corrupt government, and had to obey its orders, &c. He also advised us to place all the women and children with the command in a train separate from the others, as he wished by all means to spare them.

From the correspondence of the Philadelphia Bulletin:

"Mr. Dexter, a Buchanan Democrat, arrived here from Kansas last evening. He left Lawrence on the 4th inst., the day after Acting-Governor Stanton issued his proclamation calling a special session of the Territorial Legislature. He says the rejoicing over the fact was very great, and was participated in by the Democrats as well as the Free State men. It was the only thing that could be done to avert a civil war, and he adds that so great was the indignation manifested by all parties, upon hearing that the President had sanctioned the Lecompton Constitution, and so thankful were they all towards Stanton for the noble part he had taken in responding to the wishes of the people, that he fears for the safety of Colonel Denver."

THE MILLINERY AND FANCY GOODS TRADE. At a meeting of Importers and jobbers of Millinery and Fancy Goods in Boston, held on Monday a resolution was adopted in favor of restricting credits on sales of goods, to the period of four months.

SMITH'S ELECTRIC OIL.

This preparation, which has made such speedy cures in Philadelphia and many other places, begins to attract almost universal attention, and elicit comments of every kind. Some say it is IMAGINATION. Of course they assign any thing but the real and philosophical reasons—Inflammatory Rheumatism, Gout, Palsy, Burns, Piles, Neuralgia, Salt Rheum, Erysipelas, Scaly Eruptions of the Skin, Womb Complaints, Abscesses, Croup, Asthma, Indolent Swellings, Stiff Joints, Felons, Wounds, and Sprains, Broken Breast, Hemorrhage, Sore Throat, Frosted Limbs, Acute Nervous Pains, Tooth, Ear, and Headache, Deafness, &c., and Teething children, are not OFTEN cured in from 5 minutes to a few days simply by the IMAGINATION. Not any have used this oil without deriving some special benefit within an hour, and many are they who have been perfectly cured of the diseases very speedily.

Large Bottles Ten Times the Cheapest.

OPINIONS OF THE PRESS.

We take pleasure in referring to the virtues of Davis' Pain Killer. We have used the article and found it valuable. The sale of this article in the United States is beyond all precedent, as the books of the office will show. [Cincinnati Commercial.

Davis' Vegetable Pain Killer.—We first heard of this medicine during a visit to the New England States, and being struck with the novelty of the title, were induced to make some inquiry about it; and we were surprised to learn that it was kept constantly in the house of most of the inhabitants of the cities and villages where we stopped, to be used in cases of sudden attacks of pain, burns, scalds, &c., and we heard it spoken of in terms of high commendation, both by druggists and physicians.

Perry Davis' Pain Killer! It is a real pleasure to us to speak favorably of this article, known almost universally to be a good and safe remedy for burns and other pains of the body. It is valuable not only for colds in the winter, but for various summer complaints, and should be in every family. The casualty which demands it may come unawares.—[Christian Advocate.

Valuable Medicine.—The sale of that remarkable and truly valuable preparation, Perry Davis' Pain Killer, is constantly and rapidly increasing. During the past year the demand for this great remedy has been altogether unprecedented. Scarcely a week passes by during which we do not hear of some remarkable cure having been performed, within the circle of our acquaintance, by the use of "Perry Davis' Pain Killer."—[Prov. Advertiser.

WORLD'S BLESSING!

RHEUMATIC, NEURALGIC & SPINAL BALM.—*A Miracle of the Nineteenth Century.*—A son of Mr. L. Colbroth has been suffering the last two or three weeks with a severe case of Rheumatism—so much so that he was prostrated, and was unable to move himself in bed; and his friends considered him dangerously sick. Dr. J. B. N. Gould, of Boston, who has discovered a remedy for Rheumatism, Neuralgia, and Spinal Disease, arrived in town on Saturday, and has taken rooms at the Elm House. The Doctor was called on to treat his case, and in one hour from the time he applied his Rheumatic Balm he was able to leave his bed and walk his room, and is now free from rheumatism. This is, indeed, a wonderful discovery. [From the Eastern Argus, Nov. 24'57.

FLOUR,

Wheat Meal & Shorts.

The subscriber has commenced manufacturing FLOUR in one of the best Wheat growing sections of the West. His purchases of wheat are made by agents going among the farmers and selecting the choicest parcels of *White Winter Wheat,* for which an extra price is paid, rejecting all other kinds and all ordinary qualities. Attached to his Mill are all the latest improvements. The Wheat is thoroughly cleaned before grinding, and the Flour is double cooled before packing. The whole contents of the Wheat are transported to Bangor by Railroad, in Flour of four different qualities, in unbolted wheat meal, and in shorts. A car load, 100 bbls, will arrive weekly, so that customers can be supplied at all times with Flour and Meal, fresh ground within ten days. The meal is in bags, consequently not injured by packing 196 lbs. in a barrel as is the usual practice. This Flour and Meal will be found to have the fresh flavor of pure new Wheat, not having been heated in large piles or in vessels, as is the case with nearly all the wheat manufactured in the large establishments for the large markets.

Dealers can be accommodated with a weekly supply on favorable terms, upon application to the subscriber, Office No. 27 West Market Place.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via. Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation, over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets thus signed, can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city.

Summer Arrangement.

The Steamers LEWISTON, Capt. Geo. Knight, and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin, $1,25
Fare on Deck, 1,00
Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travelers are reminded that by taking this Line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night, will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

THE LUXURY AND PROFIT OF

HONEY MAKING.

Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums, wherever exhibited, has introduced an Improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, thus Improved, is admitted by persons acquainted with the honey-making business to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the health and comfort of the workers.

The boxes used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

THRICE WEEKLY

Kennebec Journal for 1858.

During the approaching session of the Legislature the undersigned will continue the publication of the THRICE-WEEKLY JOURNAL, being the XIVth Volume of the same.

As is well known, the chief purpose of this paper is to afford the public of Maine a faithful account of the deliberations and actions of its Legislature. With the reports of the Legislative doings we intend also to publish the proceedings of Congress, as they are given in the best reports from Washington.

We look with confidence to our Republican friends throughout the State to aid us in obtaining subscribers. Especially do we solicit from each Republican member of the Legislature that *personal effort* in his locality without which a remunerating list cannot be secured.

The Thrice-Weekly Journal will be published on *Monday, Wednesday* and *Friday* mornings.—The price will be

Single Copy, One Dollar for the Session,

As usual, payable in advance. Any person forwarding us $5 shall be entitled to the ninth copy extra. For $16 we will send two copies extra; for $24 three copies extra.

It is desirable that the names of subscribers accompanied with the money, may be forwarded at or before the commencement of the session.—*Money remitted by mail at our risk.*

DR. SANFORD'S

INVIGORATOR,

or Liver Remedy.

SANFORD'S LIVER INVIGORATOR

THIS IS ONE OF THE GREATEST SCIENTIFIC Medical discoveries ever made, and is daily working cures almost too great to believe. It cures as if by magic, even the *first dose giving benefit*, and seldom more than one bottle is required to cure any kind of *Liver* Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a *Diseased Liver.*

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects felt by using Calomel or Mineral Poison, that are usually resorted to.

To all who will follow these directions, a cure is positively guaranteed. Sick Headache can be cured by the use of two teaspoonsful, taken as soon as the attack is felt. [illegible]

The Invigorator never *fails* to cure Sour Stomach or the bad effects experienced after eating. Bilious attacks yield readily to one bottle, and Chronic Diarrhœa, difficult as it is to cure, is never troublesome to those who take the Invigorator.

For Dyspepsia or Jaundice, nothing in the known world acts so gently or effectually as the Invigorator. It removes all yellow or unnatural color from the skin.

For Night Mare, take a dose before retiring, and it is warranted a sure preventative.

For Female Obstructions it is a safe and sure remedy, as it removes the cause of the disease.

Costiveness cannot exist where the Invigorator is freely taken, while Cholic yields readily to a few doses.

It must be known that all these are Liver diseases, or caused by a deranged Liver, and to cure them needs a Liver medicine, and one of great power.—The Invigorator is such a medicine; it has medicinal powers, never before discovered, that will cure all diseases of the *Liver*, no matter of how long standing, or what may be the form. The active medicinal virtues extracted from the gums used is such as to cause astonishment to all who see their effects, for none can use the medicine without receiving benefit. It acts as a gentle cathartic, and should always be taken in sufficient quantities to operate on the bowels gently. The best way to take it is to take the medicine in the mouth, then take some water and swallow both together. In this way the medicine will scarcely be tasted.

DR. SANFORD'S

INVIGORATOR,

OR LIVER REMEDY!

HAS ALL THE GOOD QUALITIES OF A Purgative Medicine, answering the purposes of any cathartic without the debilitating effects experienced from most purgatives. It acts slowly and gently, but surely, moving the bowels to carry off all the secreted matter, at the same time stimulating the Liver to a proper performance of its functions.

The Invigorator cures Sick Headache. Take one or two teaspoonfuls at the first attack, and it will soon disappear. For an overloaded stomach, or when food rises or sours, take the Invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a teaspoonful once or twice daily. For Loss of Appetite, Languor, or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dreamland will all be forgotten. After eating a hearty dinner, take a dose of Invigorator, and it will relieve all oppression, or fullness. The Invigorator is a Liver Remedy of unequalled virtue, acting directly upon that organ, curing Dyspepsia, Jaundice, Bilious Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rests on its own merits. To convince all we speak that it is all that its proprietors claim it to be, if any of our readers are suffering from any such diseases as are described in Dr. Sanford's advertisement, we know of no remedy that will so surely cure them as the Invigorator.

There has lately been brought to our notice a medicine that seems to possess wonderful curative and healing properties in Diseases of the Liver, Stomach and Digestive organs. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continued debility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure. Dr. Sanford's Liver Invigorator, is what we refer to. We always have been opposed to patent medicines, but we are convinced that this medicine, for family use, is not overrated by the host of recommendations it has. Our advice is, for all troubled with Indigestion, Debility or Bowel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

Blessings to the Invalids who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will surely drive them away; as daylight will banish darkness—of this there can be no doubt to those who try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it, or have been cured by it. Try one bottle—if it does not benefit, then we are mistaken.

Premium awarded to T. C. BUTLER, Derby Line, Vt., on MILLER'S CONDITION POWDERS, for Horses & Colts, at the Vermont State Fair, held at Burlington, Vt., Sept. 9, 10, 11, and 12, 1856.

MILLER'S

CONDITION POWDERS

For Horses & Colts.

PRICE—Twenty-five Cents.

THE changes of weather and season, with the changes of use and feed have a very great effect upon the blood and sinuous fluids of Horses. At these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Bots, &c., all of which will be prevented by giving one or two of these Powders, Spring or Fall, and will at any time cure where any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, clean the water, and invigorate the whole body, enabling the animal to do more work with the same feed.

The action of these powders is directly upon the secretive glands, and therefore all diseases arising from or producing a bad state of the blood are speedily cured by them. Also, colds and surfeit of any kind are cured by one or two of these powders, if given according to directions.

In all cases of Horse Distemper, they should be given at the first symptom to prevent fevers, and in the last stage, to carry off all humors of the blood, and to restore a healthy action to the glands of the throat.

We, the subscribers, hereby certify that we have used *Miller's Condition Powders*, for Horses and Colts, prepared by *T. C. Butler*, Druggist, Derby Line, Vt., and think them the best Powders for Horses and Colts that are out of condition, that we have ever used. We would recommend them to Farmers, Stage Companies, Stablemen, and others, dealing in or keeping Horses and Colts.

They will clean the Worms and Botts out of a Horse's stomach, and give him a good appetite for his food, and a good coat.

They are also good for the Heaves, and for a Cough, and they have been highly recommended for the cure of Worms and Bots in Colts.

They clean the water, loosen the skin, and invigorate the whole body, enabling the horse to do more work with the same feed. (Signed by)

Timothy Winn—Mr. Butler would say that Mr. Winn is the proprietor of the Canada House and Stage office on Stanstead Plain, and was for many years proprietor of the Derby Line House, Derby Line, Vt., where he raised the black colt called the Know Nothing, which was sold at $1800, at four years old.

Erastus Lee—Mr. Lee is one of the most extensive farmers in Eastern Canada, and has raised some very valuable horses, which he has sold at high prices. This gentleman raised and sold the bay horse called Charley, which was afterwards sold for $1000 and taken to France. He also raised and sold the horse called Bons, which has been taken to California, and is held at $15,000. Mr. Lee keeps from 40 to 60 horses and colts, and makes great use of Miller's Condition Powders.

American & Foreign Patents.

R. H. EDDY,

Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington under Act of 1837.)

76 State Street, opposite Kilby-st.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office as Solicitor for procuring patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

Thrice-Weekly Age, for 1857.

We propose to issue the 21st volume of the Thrice-Weekly Age during the session of the coming Legislature.

To enable us to do this without a very *great pecuniary loss* it is absolutely necessary that our friends throughout the State, for whose gratification and benefit the publication is made, should aid in giving us a good list of subscribers.

The comparatively small number of Democratic members of the Legislature renders this service in our behalf doubly requisite this year, and we therefore confidently rely upon receiving it.

The character of the Thrice-Weekly Age, is so well known, that we deem it needless to add any thing more.

The terms will be $1, in advance, for the session. Postmasters, or others, who will forward us the names of ten subscribers and the $10, shall receive a copy in addition.

It is very desirable that the lists should be forwarded as early as the first of January.

TREMONT MILLS.

Teas, Coffees, Chocolates, Cocoas, Spices, &c.

WHOLESALE—AND ALSO IN SMALL PACKAGES

E. F. DYER & CO.,
(Sign of the Chinaman grinding Coffee,)
No. 8 Broad, near State Street,......*Boston.*

Supply the best, finest and purest articles, at the *lowest Cash prices.* Their Stock consists of

Teas, Coffees, Chocolates, Allspice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Taraxacum or Prepared Dandelion Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on having them *pure* and *genuine*, as they are put up carefully, and bear our name and label, "TREMONT MILLS, E. F. DYER & CO." To give consumers some idea of our sales, we annex the following scale of prices, viz.:

5lb. Bouchong Tea,	$1,75	5lb. Mocha Coffee,	1,12
5lb. Oolong Tea,	2,00	5lb. Java Coffee,	1,00
5lb. Y. Hyson Tea,	2,50	8lb. good Coffee,	1,00

The Spices are put up in ¼ and ½ lb. tin cases, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee*, as an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care, and by a peculiar process in roasting, one pound of this coffee, it is believed, is equal to 1½ lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills, and put up in packages having our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root.* This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee*," may be relied upon as the *genuine article.* The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical now family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

Be careful to observe that all our Taraxacum has our trade mark—"Chinaman Grinding Coffee"—as there are many imitations of our article called Taraxacum in the market.

To Grocers and Dealers a liberal discount is made, enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system; and we confidently invite an examination of the *quality* of our stock and our prices, as compared with those of any other house.

Alpine Hair Balm,

—FOR—

Restoring Gray Hair to its Original Color

WARRANTED to cure Baldness, Scurf, Dandruff, Itching, and all diseases of the skin. This Balm gives the scalp a new and healthy action, restores the coloring matter to the roots of the Hair, which passes through the Hair and gives it a natural color, without the use of Hair Dye.

Hundreds of preparations have been introduced, pretending to preserve the Hair and keep it from falling off, composed of Oils, Alcohol, and other deleterious materials, and all to no use. Hair dyes have been introduced that do not give the Hair a natural color, besides being troublesome to use. This Balm is not a Dye. Knowing that a preparation was needed to do what was required for the Hair, the proprietor was induced to experiment until he could obtain an article that would be the exact remedy and after seven years that has perfected this Balm. It is soothing and emollient, always allays irritation of the scalp, thereby stopping that troublesome itching. It cures Dandruff, and Scurf, and when the hair has turned gray it will bring it back to its original color, be it Black, Brown or Auburn. It makes the Hair soft and glossy, prevents it from falling off as will be seen upon using this Balm for only a few days—life will be given to the roots of the Hair, and growth will soon appear. Growth does not take place at the end of the Hair, as will be seen in persons who have had their hair dyed. If you examine gray hair that has been colored for a week, you will find towards the roots that the hair has come out gray, hence it is necessary to have the fluid at the roots of the hair healthy, that the whole hair may be a natural color. Each hair has a root in the skin, and is of itself a hollow, gray tube, thro' which there is a constant circulation of the pigment from the root. When this pigment or coloring matter dies out, it leaves the hair hollow, and it becomes gray. To invent a Balm that would produce this pigment has become the study of the proprietor. The discovery of the Alpine Hair Balm will do it. It will bring the hair to its natural color by making anew the coloring matter in the roots of the hair.

It is a mistaken notion that oil or grease will restore the hair, as nothing can be more injurious. The Alpine Hair Balm will restore the skin and save the hair of those who have been sick with fever or any other disease.
